A Post Graduate Program

Aging In Place

Become one of America's first

Aging in Place Specialists

Aging in Place is the Future of Care

Aging in Place is the ability to stay in one's home and community safely, independently, and comfortably, regardless of age, income, or ability level.

Providing coordinated care management is essential in connecting older adults to needed services beyond health care.

Course participants will:

- Learn to navigate the key domains that enable adults to age in place
- Become equipped with the skills and knowledge needed to support adults and their caregivers with that choice
- Develop the skills to become an Aging in Place expert to assist this burgeoning population and advance your career options

This Post Graduate Continuing Education Program is indispensable for Social Workers looking to expand their career opportunities. Flexible enrollment - register for one, two or three semesters. Earn up to 36 continuing education credits for licensed Social Workers.
